Kahn Promotes 12 to Senior Associates

Detroit, Michigan, June 23, 2008 – The Albert Kahn Family of Companies (Kahn), a leading provider of architecture, engineering, planning, design and management services, is proud to announce that the following individuals have been elected **senior associates** of the firm.

“We recognize that our greatest asset is our people. We have chosen to celebrate the accomplishments of employees who show professional capability, loyalty and have effectively contributed to the success of our firm,” Stephen Q. Whitney, President and CEO of Kahn.

Thomas Edwards

Serving as a project manager at Kahn for over 10 years, Edwards acts as a project team administrator, supporting and implementing project objectives through organization of the planning and design process. Edwards is providing project management services on Elmhurst Memorial Healthcare’s replacement hospital in Elmhurst, IL; a surgery center for St. John Medical Center in Macomb Township, MI; and recently completed KishHealth System’s replacement hospital in DeKalb, IL. Edwards earned a bachelor of science in electrical engineering from Lawrence Technological University and is a resident of Grosse Ile, MI.

Blake Elderkin, AIA

An architect with 13 years of experience, Elderkin is currently providing architectural services for Elmhurst Memorial Healthcare’s replacement hospital in Elmhurst, IL; a catheterization laboratory for Henry Ford Health System in Macomb, MI; and recently completed KishHealth System’s replacement hospital in DeKalb, IL. Elderkin earned a bachelor of architecture and a bachelor of science in architecture from Lawrence Technological University and is a licensed architect in Michigan. He was awarded AIA Detroit’s Young Architect of the Year for 2007. Elderkin resides in Warren, MI with his wife Pam.

Lawrence Fill, CIPE, QCxP, Manager of Commissioning Services

A member of the Kahn team since 1997, Fill is providing commissioning services for a wide variety of projects and clients, including Henry Ford Health System’s West Bloomfield Hospital in West Bloomfield, MI; a master plan and building expansion for Delta Dental of Michigan’s corporate office in Okemos, MI; and National Steel Car, Ltd.’s rail car manufacturing facility in The Shoals, AL. Fill earned a master of science in construction management from Eastern Michigan University and is a Qualified Commissioning Provider and is Certified in Plumbing Engineering. He resides in Ann Arbor, MI with his wife Ethel.

Jeffrey Gaines, AIA, AICP, LEED® AP, Manager of Programming and Planning

With over 20 years of experience, Gaines has worked on a broad range of projects encompassing master planning, facility planning and design, urban design studies and analysis, and site planning analysis and design. He is serving on Delta Dental of Michigan’s corporate office building expansion in Okemos, MI; a business and technology park for the City of

Tecumseh, MI; and College for Creative Studies' Argonaut building revitalization in Detroit, MI. He earned a master of urban planning and a master of architecture from The University of Michigan and a bachelor of architecture from the University of Cincinnati. A licensed architect in Michigan, Gaines is also a Certified Planner and LEED Accredited Professional. He currently lives in Northville, MI with his wife Gloria.

Theresa Harris, AIA, Manager of Health Care Planning

In her 12 years with Kahn, Harris has been involved in the planning, design and development of numerous health care projects. She is currently providing planning services for an orthopedic and sports medicine and a catheterization laboratory addition for BayCare Aurora, LLC in Green Bay, WI; and numerous other projects for Aurora Health Care in Wisconsin. She earned a master of architecture and a bachelor of science in architecture from The University of Michigan and is a licensed architect in Michigan. Harris resides in Beverly Hills, MI with her husband Charles.

John Hrovat, OAA, LEED® AP, Manager of Architectural Design

With nearly 15 years of experience, Hrovat manages the firm's design resources, collaborating with clients to implement their design objectives while adhering to schedule, budget and program constraints. His recent work includes the Shain Park redevelopment for the City of Birmingham, MI; a replacement hospital for Elmhurst Healthcare in Elmhurst, IL; and National Steel Car, Ltd.'s rail car manufacturing facility in The Shoals, AL. Hrovat earned a bachelor of architecture from Lawrence Institute of Technology and is a registered architect in Canada and a LEED Accredited Professional. He currently resides in Cottam, Ontario with his wife Kelley.

Mark S. Piotrowski, RA, LEED® AP

Piotrowski's 25 years of experience as an architect has proven to be an invaluable asset to Kahn. Piotrowski is providing architectural services for various renovation projects for Henry Ford Health System in Macomb, MI; and an emergency generation installation Auto-Owners Insurance in Lakeland, FL. He received his bachelor of architecture from the University of Detroit and is a licensed architect in Michigan and a LEED Accredited Professional. Piotrowski resides in Lathrop Village, MI with his wife Linda.

Amy Russeau, Director of Marketing/Public Relations

Russeau is responsible for the planning and execution of all marketing and communications initiatives for Kahn's domestic subsidiaries and regional offices. As a member of the firm's core sales team, she collaborates with other members of the firm's leadership to identify business development opportunities and formulates strategies for growth in the firm's client base and diversifying its service offerings. Currently, Russeau is serving as project manager for the firm's brand revitalization program. She earned a master of business administration from Wayne State University and a bachelor of science in business administration from the University of Detroit Mercy. She resides in Trenton, MI with her husband Keith.

Akram Siddiqi, PE

With more than 25 years of experience in electrical engineering Siddiqi is an important member of the Kahn team. Siddiqi is currently providing electrical engineering services for a master plan for Delta Dental of Michigan's corporate office in Okemos, MI; National Steel Car, Ltd's rail car manufacturing facility in The Shoals, AL; and various office suite renovations for GMAC throughout the United States. Siddiqi earned a bachelor of science in electrical engineering from

the University of Windsor and is a registered engineer in Michigan and Ontario, Canada. He currently resides in Rochester Hills, MI.

Michael Stocker, PE

A field representative with 25 years of experience, Stocker's on-site presence, and strong communication skills are an asset to Kahn. Stocker is providing on-site services for Henry Ford Health System's West Bloomfield Hospital in West Bloomfield, MI; a west wing addition and central utilities plant for Sparrow Health System in Lansing, MI; and the U.S. Army Corps of Engineers' Anniston Army Depot Base in Anniston, AL. Stocker received a bachelor of science in mechanical engineering from the University of Wyoming and is a registered engineer in Michigan. Stocker is a resident of Livonia, MI.

Lee Sun, PE, CPD, LEED® AP

Sun is a mechanical engineer with over 30 years of experience. Sun is currently providing mechanical engineering services on an IT operational services building for Auto-Owners Insurance in Delta Township, MI; College for Creative Studies' Argonaut building revitalization in Detroit, MI; and an office expansion for Jackson's corporate headquarters office building in Lansing, MI. Sun earned a master of science in mechanical engineering from Oklahoma State University and a bachelor of science in mechanical engineering from Chung Yuan University in China. He is a registered engineer in Michigan and Ohio, and a LEED Accredited Professional. Sun resides in Troy, MI with his wife Julie.

Zebedee Tolbert, RA, LEED® AP

With 30 years of experience, Tolbert has been intimately involved in numerous projects at Kahn. Currently he is providing architectural services for the Henry Ford Health System's energy center in West Bloomfield, MI; an orthopedic and sports medicine and a catheterization laboratory addition for BayCare Aurora, LLC in Green Bay, WI. Tolbert earned a bachelor of architecture and a bachelor of science in architecture from Lawrence Institute of Technology, is a registered architect in Michigan and a LEED Accredited Professional. He resides in Southfield, MI with his wife Sha-ron.
